**Supplemental Instructions for Submitting Home Studies for
ICPC Regulation 2 Foster, (Dual) Foster/Adopt and Adopt-Only Requests**

New York State local departments of social services (LDSSs) and voluntary authorized agencies (VAs) are required to follow the statewide standardized certification and approval process outlined in 18-OCFS-ADM-07 and 19-OCFS-ADM-07 (OCFS-5183 Form Series) for studies conducted for New York State prospective foster and foster/adoptive parents. The policy outlined in 21-OCFS-ADM-13 (OCFS-5200 Form Series) is for prospective families seeking approval for adoption only.¹

This document is intended to provide guidance to LDSSs and VAs on the documentation that is to be submitted to the OCFS ICPC unit in response to an ICPC foster, (dual) foster/adoptive, or adoption only home study request.

Pursuant to the Safe and Timely Interstate Placement Act of 2006, all foster and adoptive home studies are due to OCFS ICPC within sixty (60) days after receiving the home study request. If education, training, or other licensing components are not complete by that date, a status report must be submitted, explaining progress to date, any barriers causing delay, and an estimated date of completion of all licensure components.

The completed home study and all required components are due to NY ICPC no later than four (4) months after acceptance of the Foster-Adoptive Parent Application, per 18-OCFS-ADM-07. The adoption only home study process must be completed within two (2) to four (4) months, per 21-OCFS-ADM-13.
