APPENDIX M

Reasonable Distance, Very Low Income, Family Share, Case Closing and Openings, Recertification Period, Fraud and Abuse Control Activities, Inspections (Required)

Reasonable Distance

Define “reasonable distance” based on community standards for determining accessible child care.

The following defines “reasonable distance”: Chemung County DSS defines reasonable distance as 22 miles between home or work with childcare accessible along the way.

- Describe any steps/consultations made to arrive at your definition: Contacted the Chemung County Planning Board to determine the distance between county borders.
- Considered the location of major employers in Chemung County.
- Consulted the Chemung County Transit to determine the accessibility of bus routes throughout the county.
- Considered the location of licensed and regulated childcare providers throughout the county.

Very Low Income

Define “very low income” as it is used in determining priorities for child care benefits.

“Very Low Income” is defined as 100% of the State Income Standard.

Family Share

“Family share” is the weekly amount paid towards the costs of the child care services by the child’s parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share and justify this percentage decision. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family’s annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the county 25%.

Note: The percentage selected here must match the percentage selected in Title XX Program Matrix in WMS.

Case Closings

The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Describe below how districts will select cases to be closed in the event that there are insufficient or no funds available.

1. Identification of local priorities in addition to the required federal priorities (select one).
 - The district has identified local priorities in addition to the required federal priorities (Complete Section 2)
 - The district has not identified local priorities in addition to the required federal priorities (Complete Section 3).

Fraud and Abuse Control Activities

Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment in addition to procedures for referring such applications to the district’s front-end detection system.

The criteria used to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payments is listed below:

Applicant is working off the books (currently or previously)

Current Application is inconsistent with prior case information

Applicant has a prior history of denial, case closing or overpayment resulting from an investigation (ex: Fraud, FEDS, etc.)

No absent parent information or information is inconsistent with prior application

No documentation to verify the applicant’s identity

Applicant cannot provide a birth certificate for a child younger than 6 years of age

Applicant is self-employed but cannot provide adequate business records to support financial assertions

Documents or information provided are inconsistent with application

PO Box used as a mailing address without reasonable explanation

Applicant is unsure of own address

Child care provider lives in the same household as the child

CHEMUNG COUNTY – 2015 APU

Note: Chemung County does not have any county-specific indicators; we use only pre-approved State indicators

The procedures for referring such applications to the district's FEDS unit are as follows:

The eligibility worker or child care subsidy specialist identifies an application that meets one or more of the above criteria and completes a manual referral (F-294 attached) or enters the referral in the automated Special Investigation Unit (SIU) computer program within 1 business day of the eligibility interview. All manual referrals are entered in the SIU system by the Senior Clerk in SIU. All referrals are tracked in our automated SIU program.

In addition to the referral the eligibility worker or child care specialist forwards any/all supporting documentation to SIU via email or inter-office mail. This supporting documentation is entered in the SIU case file. The investigation is conducted and the eligibility worker or child care specialist is notified of the results via email or interoffice mail.

Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

Temporary Assistance cases are recertified every 6 months and Services cases are recertified yearly. In both instances, verification of need for child care, including verification in employment, education, or other required activities must be provided. All cases are also reviewed throughout the certification period when changes are reported and verification affecting eligibility must be provided. A random sample of 48 active Services cases per quarter will be reviewed for household composition and income. This is based on the estimated annual caseload size of 655 cases with a 5% margin of error and a 90% confidence level which equals an annual sample of 192 cases.

Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Chemung County DSS has contracted with Chemung County Child Care Council for this service. Chemung County Child Care Council reviews copies of the CACFP Monitor inspection forms. Every four months, they will pull at least 20 cases (75%) and compare the CACFP Monitor inspection forms against the subsidy billing form. They look for any discrepancies in billing days and time between the CACFP program and subsidy billing. If there are any discrepancies in what hours are being billed, what was approved for child care, or if the days billed are different from CACFP, verification of attendance at employment and/or school is requested. They also administer the CACFP so everything is done on site.

CHEMUNG COUNTY – 2015 APU

Chemung Department of Social Services, Mindy Banfield or designee

Contracted agency

Provide the name of the agency and contact person:

4. Are there any costs associated with the additional standard?

Yes No

Note: Costs associated with the additional standard cannot be passed on to the provider.

5. Describe the steps for evaluating whether the additional local standard has been met.

1. The local district will include a “Notification of Chemung County Additional Local Standard for the Enrollment of Legally-Exempt Family Child Care Providers, In-Home Child Care Providers, and Legally-Exempt Group Providers Authorization & Release Form” and a “Chemung County Department of Social Services Child Abuse and Maltreatment History Attestation Form” in the enrollment packets it distributes to parents which will allow the Chemung County Department of Social Services (CCDSS) to conduct a check of the local child welfare records related to the child care attestations for the sole purpose of verifying the accuracy of the information submitted to the parent/caretaker per 18 NYCRR § 415.4(f)(7)(ii).

2. The individuals specified in question #2 above will be asked to sign and date the “Authorization and Release” form. The records check will be required only for the

CHEMUNG COUNTY – 2015 APU

- types of child care specified in question #2 and will be required only to persons in the roles specified in question #2.
3. To initiate the additional standards check, per NYS OCFS policy, the Child Care Facility System will automatically generate the referral for the applicable child care program types and individual roles, specified in question # 2 above, to the CCDSS. The CCDSS must run the Legally-Exempt Additional Standards Referral List in CCFS to obtain the list of enrolling/enrolled/re-enrolling Legally-Exempt Family Child Care Providers and other individuals for whom a determination is required. However, since CCFS cannot identify any “Exceptions” stated in question # 2, the CCDSS must identify the exceptions. When a referred individual is subject to an exception specified in question #2, the additional standard will not apply and the District will notify the applicable enrollment agency that the additional standard is **“not applicable”** to the individual.
 4. The signed release(s) is/are *required*, for all persons in the roles specified in question #2, for the enrollment packet to be considered complete. If any of the individuals checked in question #2 above refuses to sign the release, which would allow CCDSS to review only the existing local child welfare records related to the child care attestations, the enrollment package will be considered *incomplete* and the enrollment process cannot move forward and will be *withdrawn* by the enrollment agency in accordance with State policy.
 5. The local district will conduct the check of the local database to determine whether an individual checked in question #2 above is an indicated subject of a child abuse or maltreatment report. When the local records check reveals that an individual specified in question #2 above is an indicated subject of a child abuse or maltreatment report the proposed child care provider will be required to submit to CCDSS a copy of the “Child Abuse and Maltreatment History Attestation Form” provided to the parent/caretaker concerning the indicated incident(s). This form must be signed by the parent/caretaker acknowledging receipt of this information and the parent/caretaker's wish to use this child care provider. The exception is that when the local records check reveals that an individual specified in question #2 above is an indicated subject of a report, *but it's been determined through an Administrative Review* that the individual's indication is not “relevant and reasonable” to child care, the individual will not be required to complete the “Child Abuse and Maltreatment History Attestation Form.”
 6. If the information regarding the indicated child protective report submitted by the provider does not substantially correlate with the information obtained during the local records check related to the child care attestations, the CCDSS will notify the provider that he or she has ten (10) calendar days to clarify the discrepancies in the information submitted to the district and parent/caretaker. Within the ten (10) calendar day period, the provider must submit information to CCDSS and the parent/caretaker that either substantially correlates with the information obtained by the district's local database check of the records related to the child care attestations or the provider submits information to the district which documents that the information

CHEMUNG COUNTY – 2015 APU

obtained from the local database check of the records related to the child care attestations is inaccurate. If the provider fails to clarify the discrepancies the CCDSS will notify the Enrollment Agency that the additional standard is **“not met.”**

- 7. If the information on the “Child Abuse and Maltreatment History Attestation Form” regarding the indicated child protective report submitted by the provider to the parent/caretaker and the local district correlates with the information obtained from the local database check, the District will notify the Enrollment Agency that the additional standard has been **“met.”**
- 8. For legally-exempt child care providers referred through CCFS and are specified in question #2, the CCDHS will determine whether the additional standard was **“met,” “not met”** or **“not applicable”** and will record the results on the *OCFS-2114 District Notification To Legally-Exempt Caregiver Enrollment Agency* form. This notification and a copy of the inspection report will be given to the LE Coordinator so that she/he may take any necessary action.

6. Indicate how frequently reviews of the additional standard will be conducted. Check all that apply.

Legally-Exempt Programs:

- Initial enrollment During the 12-month enrollment period
- Re-enrollment Other

7. In the space below, described the procedures the district will use to notify the Legally-Exempt Caregiver Enrollment Agency (EA) as to whether the legally-exempt provider is in compliance with the additional local standards. Districts must notify the EA within 25 days from the date they received the referral from the EA. (Districts need to describe this procedure only if the additional local standard is applied to legally-exempt child care providers.)

For legally-exempt child care program types and roles, specified in question #2, the district’s contractor will determine whether the additional standard was **“met,” “not met”** or **“not applicable”** and will record the results on the *OCFS-2114 District Notification To Legally-Exempt Caregiver Enrollment Agency*. This notification will be given to the enrollment agency within 25 days of the generation of the E-Notice referral, so that the enrollment agency may take any necessary action.

The district contractor must determine, for each Legally-Exempt Family Child Care Provider on the referral list, whether the additional standard is applicable as follows:

The additional standard is “met” when:

CHEMUNG COUNTY – 2015 APU

- The local records check is conducted as specified in question #5 and the local records check reveals that an individual specified in question #2 above is NOT an indicated subject of a child abuse or maltreatment report, or
- The local records check reveals that an individual specified in question #2 above IS an indicated subject of a child abuse or maltreatment report and:
 - the district determines that the provider has given the parent/caretaker true and accurate information regarding any indicated reports applicable to the persons specified in question #2, or
 - it's been determined through an Administrative Review that the individual's indication record is not relevant and reasonably related to child care.

The additional standard is “not met” when:

- The local records check reveals that an individual specified in question #2 IS an indicated subject of a child abuse or maltreatment report (and there is no determination made through an Administrative Review that the individual's indication record is not relevant and reasonably related to child care), and the district determines that the provider has NOT given the parent/caretaker true and accurate information regarding any indicated reports applicable to the persons specified in question #2.

The additional standard “not applicable” when:

- The district determines the provider/person is not subject to the additional standard based on an *exception* specified in question #2.

The district will maintain a file which documents how the determination was made as to whether the additional local standard was “**met**” or “**not met**” or “**not applicable.**”

8. Describe the justification for the additional standard in the space below.

The local district wants to make sure that providers have told parents/caretakers about known indicated child protective histories for themselves and any other persons specified in #2. The additional standard supports 18 NYCRR § 415.4(f)(7)(ii), a State requirement for enrollment which requires the provider and relevant site persons have given the parent true and accurate information regarding indicated child protective reports. The additional standard verifies the provider is telling the truth on the enrollment form. This promotes safer child care for children by verifying that true and accurate information about a caregiver's history has been shared with the child(ren)'s parent/caretaker.
