CONNECTIONS Weekly Technical Bulletin

CONNECTIONS Build: Family Services Stage—Phase 4
Build Scheduled for Friday, June 10th

The next build to the CONNECTIONS application is scheduled for implementation on Friday, June 10th, during the normal morning maintenance window, and will include the modernization of the Family Assessment and Service Plan (FASP) and the Service Plan Review (SPR), as well as new functionality to support The Preventing Sex Trafficking and Strengthening Families Act.

The FASP and SPR of the Family Services Stage (FSS) will be updated to a modernized user interface, consistent with other modernized CONNECTIONS modules such as Child Protective Services Investigation (INV) and Family Services Intake (FSI). Overall functionality, as well as security access rules, will remain essentially the same.

Additionally, new edits and windows will be introduced to further support The Preventing Sex Trafficking and Strengthening Families Act.

A **Job Aid**, which provides an overview of the modernized and new windows in CONNECTIONS, as well as step-by-step instructions for certain tasks, is available on both the Intranet and Internet.

Additionally, an **Impact Analysis** is available on the Intranet and Internet.

Webinar Training, which began on April 11th, has concluded. If you are interested in training and your district or agency was unable to attend the previously offered course, please contact your Regional Implementation Specialist.

The most recent edition of the CONNECTIONS Build Bulletin, available on both the Intranet and Internet, provides more detailed information.

Training Database Unavailable: Monday, June 13th

Due to routine maintenance, the CONNECTIONS Training Database will be unavailable on Monday, June 13th.
