Services

TO: Local District Commissioners

SUBJECT: Low Income Day Care Allocations SFY 1990

ATTACHMENTS: Attachment A-Individual Local District's Allocation, is
not available on-line.

I am pleased to inform you of your day care allocation for the low income day care program. The following page provides your allocation of state funds for FY 90-91.

Day Care in New York has grown substantially over the past year. In FY 89-90, low income day care program expenditures totaled \$46 million with an average of 13,743 children being served on a monthly basis. Sixteen districts exceeded their FY 89-90 allocations and an additional ten districts spent between 90-100% of their allocation.

This year's low income day care program allocation includes a \$7.76 million increase. Allocations for this fiscal year were based on a number of factors including expenditures under low income day care for FY 89-90 and patterns of growth. Due to the enormous growth in the low income day care program, we will not entertain requests for additional funds during the year. A deadline of May 1, 1991 has been set for submission of all claims for FY 90-91 .
