APPENDIX M

Reasonable Distance, Very Low Income, Family Share, Case Closing and Openings, Recertification Period, Fraud and Abuse Control Activities, Inspections (Required)

Reasonable Distance

Define “reasonable distance” based on community standards for determining accessible child care.

No more than one hour and fifteen minutes travel time, by public transportation or private car, between the caretaker’s home and the child care provider.

Describe any steps/consultations made to arrive at your definition:

Consultation with parents living throughout the city to determine maximum travel time from home to the work activity site, including time to stop at a child care provider.

Very Low Income

Define “very low income” as it is used in determining priorities for child care benefits.

“Very Low Income” is defined as **200%** of the State Income Standard.

Family Share

“Family share” is the weekly amount paid towards the costs of the child care services by the child’s parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family’s annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the county. **35%**

New York City will not use the State prescribed methodology of applying a formula to gross family income above the State Income Standard (SIS). Instead a fee schedule will be utilized. Within a given fee band in the fee schedule, and depending on family income, the family share percentage will be 35% of remaining gross family income after subtracting the applicable SIS level. Family shares or fees will be capped at 17% of annual gross family income. A minimum weekly family share of \$15 per week for full-time care or \$12 for part-time care will be charged to families. If \$15 per week exceeds 35% of remaining income after subtracting SIS from the highest income level listed in a given fee band, a \$15 per week minimum family share/fee for full-time care or \$12 per week for part-time care will apply to that entire fee band. A part-day weekly family share of 75% of the full-time weekly family share for a family of the same size and income will be charged for children who receive part-day care. Households in receipt of Child Care in Lieu of Cash Assistance (CILOCA) are required to pay \$15 per week for their family share.

The 2016 APU contains the reduction in the part time fee to \$9 which was approved by OCFS and implemented by ACS in September 2015

Note: The percentage selected here must match the percentage selected in Title XX Program Matrix in WMS.

Case Closings

The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue

ACS chooses every 10th provider in alphabetical order until a group of 10 is assembled.

APPENDIX T

Transportation, Differential Payment Rates, Enhanced Market Rate
for Legally-Exempt and In-Home Providers, and Sleep (Optional)**Transportation**

Describe any circumstances and limitations your county will use to reimburse for transportation. Include what type of transportation will be reimbursed (public vs. private) and how much your county will pay (per mile or trip). Note that if the county is paying for transportation, the Program Matrix in WMS should reflect this choice.

Differential Payment Rates

Indicate the percentage above the market rate your county has chosen.

Accredited programs may receive a differential payment up to **15%** above market rate.

Care during non-traditional hours may be paid up to **15%** above market rate.

Limitations to the above differentials: Payments of up to 15% above the market rate for care during non-traditional hours will only be available to licensed or registered programs or providers and is contingent upon the availability of funds in the budget. The differential rate will only be paid for night-time and weekend care provided for at least 3 hours per night/day. Night-time care must be provided during non-traditional hours.

Payments may not exceed 15% above market rate. However, if your district wishes to establish a payment rate that is more than 15% above the applicable market rate, describe below why the 15% maximum is insufficient to provide access within the district to accredited programs and/or care provided during non-traditional hours.

Enhanced Market Rate for Legally-Exempt Family and In-Home Child Care Providers

Indicate if the district is electing to establish a payment rate that is in excess of the enhanced market rate for legally-exempt family and in-home child care providers who have annually completed 10 or more hours of training and the training has been verified by the legally-exempt caregiver enrollment agency.

New York City - 2015 APU

APPENDIX U

**Child Care Exceeding 24 Hours, Child Care Services Unit, Waivers,
and Breaks in Activities (Optional)**

Child Care Exceeding 24 Hours

Child Care services may exceed 24 consecutive hours when such services are provided on a short-term emergency basis or in other situations where the caretaker’s approved activity necessitates care for 24 hours on a limited basis. Check below under what circumstances the county will pay for child care exceeding 24 hours.

On a short-term or emergency basis

The caretaker’s approved activity necessitates care for 24 hours on a limited basis

Describe any limitations for payment of child care services that exceed 24 consecutive hours.

Child Care Services Unit (CCSU)

Indicate below if your county will include 18-, 19-, or 20-year-olds in the CCSU, which is used in determining family size and countable family income.

The district will include the following in the CCSU (check all that apply).

18-year-olds

19-year-olds

20-year-olds

OR

The district will only include the following in the CCSU when it will benefit the family (check all that apply)

18-year-olds

19-year-olds

20-year-olds

Describe the criteria your district will use to determine whether or not 18-, 19-, or 20-year olds are included in the CCSU.

Waivers

Districts have the authority to request a waiver of any regulatory provision that is non-statutory. Describe and justify why your county is requesting a waiver.

1. New York City Administration for Children’s Services (NYC ACS) requests a waiver from 18 NYCRR § 415.2(a)(2)(iv) to require that families work (not families that fall under the transitional child care guarantee) work at least 20 hours per week as a condition of eligibility for child care subsidy.

This waiver request is consistent with the requirements of 18 NYCRR § 385.2(f) and 18 NYCRR § 415.1(o)(1)-(2) which provide, in part, for the local social services district to define engaged in work in the district’s employment plan submitted to and approved by the New York State Department of Labor. In its plan, NYC requires the paid employment or work experience

New York City - 2015 APU

eligibility component to be at least 20 hours weekly. The waiver request is also consistent with Social Services Law 410(1) which provides for child care only when the parent is unavailable for a “substantial part of the day.” Neither State law nor regulations define “substantial part of the day.” NYC ACS believes that 20 hours is appropriate.

2. NYC Children Services requests a waiver of 18 NYCRR § 415.4(b)(1) allowing:
 - (1) Income eligibility for a child enrolled in a Head Start collaboration program to be continuous as long as the child remains enrolled in the collaboration program for up to two years; and
 - (2) Income eligibility for a child dually enrolled in a pre-kindergarten program to remain eligible until the subsequent school year.

The Office of Child Care states in ACYF-PIQ-CC-99-02 that “the Lead Agency may establish different eligibility period for children in Head Start, Early Head Start or State pre-K/child care collaborative programs than generally applies to CCDF-funded children.” Our agency currently serves over 1,800 children in Head Start collaboration programs. Additionally, over 7, 300 children are dually enrolled in child care and pre-kindergarten programs in New York City. Streamlining eligibility will provide consistency for both the children and the programs that serve them.

Breaks in Activities

Districts may pay for child care services for low income families during breaks in activities either for a period not to exceed two weeks or for a period not to exceed four weeks when child care arrangements would otherwise be lost and the subsequent activity is expected to begin within that period. Indicate below if your county will make such payments (check one).

- Two weeks Four weeks

Districts may provide child care services while the caretaker is waiting to enter an approved activity or employment or on a break between approved activities. The following low income families are eligible for child care services during a break in activities (check any that are eligible):

- Entering an activity
 Waiting for employment
 On a break between activities
