APPENDIX M

Reasonable Distance, Very Low Income, Family Share, Case Closing and Openings, Recertification Period, Fraud and Abuse Control Activities (Required)

Reasonable Distance

Define “reasonable distance” based on community standards for determining accessible child care.

The following defines “reasonable distance”:

A TANF recipient in Orange County would be expected to travel /commute from home to a work activity site with a stop at a day care provider along the way within one hour.

Describe any steps/consultations made to arrive at your definition:

The Welfare Reform Committee discussed and agreed to the above mentioned definition. The Committee consists of our Deputy Commissioners, the Director of Economic Independence, the Case Supervisor of Child Subsidy, Deputy Director of ETA and the Welfare to Work Coordinator of ETA. The Committee meets on a weekly basis and has since the inception of Welfare reform.

Very Low Income

Define “very low income” as it is used in determining priorities for child care benefits.

“Very Low Income” is defined as 200% of the State Income Standard.

Family Share

“Family share” is the weekly amount paid towards the costs of the child care services by the child’s parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share and justify this percentage decision. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family’s annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the county 35%.

Note: The percentage selected here must match the percentage selected in Title XX Program Matrix in WMS.

Case Closings

The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Describe below how districts will select cases to be closed in the event that there are insufficient or no funds available.

1. Identification of local priorities in addition to the required federal priorities (select one).
 - The district has identified local priorities in addition to the required federal priorities (Complete Section 2)
 - The district has not identified local priorities in addition to the required federal priorities (Complete Section 3).

ORANGE COUNTY – 2015 APU

2. Describe how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Families that have a child with special needs Rank 1 Rank 2

ORANGE COUNTY – 2015 APU

3. If all NYSCCBG funds are committed, case closings for families that are not eligible under a child care guarantee and are not a federally mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time the family has received child care services, but must be consistent for all families.

The district’s recertification period is every six months twelve months

Fraud and Abuse Control Activities

Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment in addition to procedures for referring such applications to the district’s front-end detection system.

Orange County previously (12/16/05) submitted the Front End Detection System (FEDS) Plan of Operation for Day Care. (see attached)

ORANGE COUNTY – 2015 APU

Describe the sampling methodology used to determine which cases will require verification of an applicant’s or recipient’s continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

Orange County verifies the continued need for child care by conducting re-certifications every six months of 100% of service cases. The unit requests pay stub information and submission of employer worksheets.

Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider’s attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

In the contract year October 1, 2009 through September 30, 2010 there were 70 Registered or Licensed providers and four (4) Legally Exempt providers active on the Child and Adult Care Food Program (CACFP). There were sixteen (16) Family Day Care Homes (FDCH) and 54 Group Family Day Care (GRDC). The Day Care Center (DCC) and School Age Child Care (SACC) have direct agreements with CACFP.

Orange County will compare the caregiver’s attendance forms with any child and adult care food program (CACFP) inspection forms to verify that child care was actually provided on the days listed. Based on our universe size of 70, we will use a sample size of approximately 60. Therefore, we will review five (5) cases per month.

Orange County has asked an employee of the Child Care Council to conduct a random sampling of those providers in CACFP. She will cross reference the attendance sheets with the child and adult care food program information. Should there be questionable information discovered, the child Care Council representative would notify the worker in the Child Care Unit. If the worker believes that further investigation is warranted a referral would be made to our fraud unit.

Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of a provider/program that provides child care for subsidized children for the purpose of determining whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district Per 18 NYCRR 415.4(h) (3). Does the district choose to make inspections of such child care providers/programs?

No.

Yes. Provide the details of your inspections plan below.

A. The following *types* of subsidized child care providers/programs are subject to this requirement:

Legally-Exempt Child Care

In-Home;

Family Child Care;

Group programs not operating under the auspices of another government agency

FRONT END DETECTION SYSTEM (FEDS) PLAN OF OPERATION

If an application has one or more of the indicators checked below on the district's approved FEDS plan, and the eligibility worker is not confident that an indicator has been explained or supported adequately, the application must be referred for a FEDS investigation. The wording of each indicator must appear exactly on the FEDS plan as well as the FEDS referral process/form.

Section 1 – State Mandated Indicators

All district plans must include these indicators:

- Financial obligations are current, but stated expenses exceed income *without a reasonable explanation***
- Working off the books (currently or previously)**
- Supported by loans or gifts from family/friends**
- Application is inconsistent with prior case information**
- Prior history of denial, case closing, or overpayment *resulting from an investigation.***

Section 2 – State-Approved Optional Indicators

This section may be left blank if a county chooses not to select any of these optional indicators for its FEDS process. If the district chooses to include any or all of these optional indicators in its plan, eligibility workers must also refer to FEDS any applications with these indicators:

- No absent parent information or information is inconsistent with application**
- No documentation to verify identity or documentation of identity is questionable**
- Landlord does not verify HH composition or provides information inconsistent with application [not used for MAI]**
- Self-employed but *without adequate business records* to support financial assertions**

- Unsure of own address [not used for MAI]**

ORANGE COUNTY – 2015 APU

Section 3 – State-Approved County-Specific Indicators

Eligibility workers are not allowed to refer cases based on an “other” box that they fill in for each FEDS referral. Indicators listed and checked here must be pre-approved by the State and must be pre-filled on the district’s FEDS referral process/form. This section may be left blank if a district chooses not to create any county-specific indicators for their FEDS process. Once the State approves this indicator, eligibility workers must also refer to FEDS any applications with these indicators:

() County-Specific Indicator: None

Section 4 – Description of FEDS Process - Please describe your FEDS process:

a. Specify what program areas will use FEDS:

TA FS Medicaid CC HEAP Other (specify)

b. Describe how an application will be referred by the eligibility worker to the investigative unit. Include if this is a manual, e-mail or automated process, and if there is eligibility supervisory review. OTDA strongly encourages eligibility supervisory review.

The FEDS referral check-off form is reviewed for every Family Assistance, Safety Net Assistance, Medicaid Assistance, Food Stamp Assistance and Day Care Subsidy Applications. The FEDS indicator review occurs during the initial screening of each applicant. If the initial screener indicates that one or more potential FEDS indicators are present, a referral for a FEDS review is mandatory.

The FEDS referral is attached to a copy of the application for services completed during the initial screening for applicants applying for assistance. The application and FEDS referral is sent by courier directly to the Head Examiner of the Special Investigation Unit (SIU) who logs in the referral and assigns the application for assessment and FEDS review. The Unit of origin maintains the original application and FEDS referral.

FEDS referrals will be made for Medical Assistance cases based upon the following indicators: Expenses exceed income, consumer working off the books (currently), self-employed without adequate business records to support financial assertions, an individual with no documentation to verify his/her identity or the identification is suspect and documents provided are inconsistent with applicant, such as different name used for signature or invalid SSN. No other indicators, including those mentioned on the first page of this FEDS Plan, will be used to conduct a FEDS on a Medical Assistance applicant. Each of these indicators have been approved by the New York State Department of Health, see attached. The MA examiner will complete the FEDS referral check-off form and forward the FEDS referral with the application to our SIU. Our SIU units are co-located to maximize communication between our investigative staff and eligibility workers. The Grade 13 supervisor in SIU reviews the referral and assigns the case to a special investigator.

ORANGE COUNTY – 2015 APU

FEDS referrals for Day Care Subsidy cases will be referred consistent with the indicators mentioned above, with one exception, SSN. Our Day Care Subsidy Unit will initiate a FEDS referral in a manner consistent with the process described above. The referral will be reviewed by the Supervisor of the Day Care Unit and subsequently submitted to SIU for a FEDS review.

- c. Describe how the investigative unit logs and tracks the referral, as well as how it processes it (i.e., home visit, collateral contact, office interview, etc.).

The Head Examiner (SIU Director) with clerical support will log the referral in the SIU Unit. The SIU Director is responsible for logging, assigning and tracking the referral. All investigations will begin within seventy-two hours of receipt of the referral.

FEDS investigations are the responsibility of the Special Investigations Unit under the supervision of the Special Investigators Supervisor and Head Social Welfare Examiner. Orange County is currently involved with the Family Assistance and Safety Net Assistance Case Management Project. This project conducts in home assessments for all FA and SNA applicants. Case managers from this project will refer consumer applying for assistance for a FEDS investigation when a home visit reveals the presence of a FEDS indicator. Prior to forwarding a referral for a FEDS, the case manager from each project must have the case reviewed with the social welfare examiner assigned to manage their work on behalf of the consumer.

Potential FA and SNA consumers are screened in our offices located throughout Orange County. This initial screening will include the completion and collection of the application for assistance. As consumers are screened, the eligibility worker will schedule the initial home visit to conduct the eligibility assessment. This home visit is provided by one of the case managers from the Family Assistance and Safety Net Assistance Case Management Project.

Our FEDS process will focus on insuring that the consumer lives where they have reported, that the individuals in the household are represented on the application and the needs as identified on the application are valid. Additionally, this process will also include an improved assessment of the consumers needs by deploying a college education level case manager to assess the needs of the family beyond the traditional boundaries of income maintenance.

- d. Specify the targeted time frames for reporting investigative results back to the eligibility worker for final determination.

The bottom of the FEDS referral form has a section for case disposition. The eligibility worker will complete this section and have the referral returned to the SIU Director for processing. The original FEDS referral will be maintained by the SIU while a copy of the referral will be maintained in the consumer's case record. The results of each FEDS are reported back to the eligibility worker within 15 days of the receipt. This will allow time for information to be clarified if required by the eligibility worker.

Additionally, since the case managers who conduct the assessment and FEDS process will remain involved with the family or individual until the

ORANGE COUNTY – 2015 APU

case is opened and assigned for undercare examiner services. Information regarding the disposition of the application process will be available through the social welfare examiner assigned to the case.

- e. If your district contracts out for investigations, such as with a local sheriff's department, explain this process and staffing and identify the contractor.

This District does not currently contract out for investigations; however, we are currently operating an advanced case management program for TANF applicants. This service provides in-home assessments, diversion, substance abuse, mental health and other forms of human service interventions. Our case management teams work together with our eligibility staff and SIU investigators to insure compliance with our FEDS process is maintained. On occasion, a contracted case manager during a meeting with the eligibility worker assigned to a case will request a FEDS based upon one of the approved indicators. On these occasions, this Department requires the eligibility worker to review and approve the FEDS referral prior to transmission to SIU. This process applies only to FA and SNA Public Assistance cases. For all other programs, MA, FS, HEAP and childcare, the eligibility worker sends the FEDS referrals directly to our SIU Unit. All investigations will begin within seventy-two hours of receipt of the referral. The FEDS process for these programs will focus on insuring that the consumer lives where reported, that the individuals in the household and their income are represented on the application, and the needs as identified on the application are valid by using collateral contacts as well as home visits where necessary.

- f. Describe how and when the investigative unit is informed of the final action taken on the application, for inclusion in the FEDS monthly report.

The SIU Director with clerical support will be responsible for insuring that the FEDS report is submitted within the timeframes established by OTDA, DOH, OCFS and OCDSS. The contracted case manager or special investigator will insure that any information required will be provided directly to the SIU Director by the last day of the month. The information will be compiled and reported to the OTDA Program Integrity Unit by the 10th day of the following month.

Monthly reports regarding the results of our local FEDS process will be developed through a process of insuring that Family Assistance, Safety Net Assistance, Medicaid and Family Health Plus referrals can be clearly identified. These results are typically compared and used to measure the success and/or failure of our local FEDS process. All information collected, measured and used to make future determinations regarding the use of FEDS will be reported by SIU to the appropriate departments within OTDA and DOH.

- g. Attach copies of:
- Any letter used to inform an applicant of a FEDS interview or home visit (attached)
 - Any letter used to inform an applicant that they may be investigated for FEDS (none)
 - The FEDS referral form (attached)

ORANGE COUNTY – 2015 APU

- Any other FEDS form that passes between eligibility and investigations, such as a report of investigation. (none)

- 4. Are there any costs associated with the additional standard?**

Yes No

Note: Costs associated with the additional standard cannot be passed on to the provider.

- 5. Describe the steps for evaluating whether the additional local standard has been met.**

The district will include a release form in the enrollment packets it distributes to parents which will allow the Orange County Department of Social Services to conduct a check of the local child welfare records related to the child care attestations for the sole purpose of verifying the accuracy of the information submitted to the parent/caretaker per 18 NYCRR (f)(7)(ii). The individuals specified in question #2 above will be asked to sign the release. The records check will be required only for the types of child care specified in question #2 and will be required only to persons in the roles specified in question # 2.

The signed release(s) specified in question #2 is/are required, for all persons in the roles, for the enrollment packet to be considered complete. If any of the individuals checked in question #2 above refuses to sign the release, which would allow Orange County Department of Social Services to review only the existing local child welfare records related to the child care attestations, the enrollment package will be considered incomplete and the enrollment process cannot move forward and will be withdrawn by the enrollment agency in accordance with State policy.

The local district will conduct the check of the local database to determine whether an individual checked in question #2 above is an indicated subject of a child abuse or maltreatment report. When the local records check reveals that an individual specified in question #2 above is an indicated subject of a child abuse or maltreatment report the proposed child care provider will be required to submit to Orange County Department of Social Services a copy of the written statement provided to the parent/caretaker concerning the indicated incident(s). This statement must be signed by the

ORANGE COUNTY – 2015 APU

parent/caretaker acknowledging receipt of this information and the parent/caretaker's wish to use this child care provider.

If the information regarding the indicated child protective report submitted by the provider does not substantially correlate with the information obtained during the local records check related to the child care attestations, the Orange County Department of Social Services will notify the provider that he or she has ten (10) calendar days to clarify the discrepancies in the information submitted to the district and parent/caretaker. Within the ten (10) calendar day period the provider must submit information to Orange County Department of Social Services and the parent/caretaker that either substantially correlates with the information obtained by the district's local database check of the records related to the child care attestations or the provider submits information to the district which documents that the information obtained from the local database check of the records related to the child care attestations is inaccurate. If the provider fails to clarify the discrepancies the Orange County Department of Social Services will notify the Enrollment Agency that the additional standard has not been met.

If the information regarding the indicated child protective report submitted by the provider to the parent/caretaker and the local district correlates with the information obtained from the local database check and the parent/caretaker still chooses to use the provider, the Enrollment Agency will be notified that the additional standard has been met.

6. Indicate how frequently reviews of the additional standard will be conducted. Check all that apply.

7. In the space below, described the procedures the district will use to notify the Legally-Exempt Caregiver Enrollment Agency (EA) as to whether the legally-exempt provider is in compliance with the additional local standards. Districts must notify the EA within 25 days from the date they received the referral from the EA. (Districts need to describe this procedure only if the additional local standard is applied to legally-exempt child care providers.)

Within 25 days of the date of the referral, the local district will notify the Enrollment Agency in writing of the local district determination as follows:

The additional standard is met when:

- The local records check is conducted as specified in question # 5 and no record is found

ORANGE COUNTY – 2015 APU

- The local records check is conducted, a record is found and the district determines that the provider has given the parent/caretaker true and accurate information regarding any indicated reports applicable to the persons specified in question 2.

The additional standard is not met when:

- The local records check is conducted as specified in question # 5, a record is found and the district determines that the provider has NOT given the parent/caretaker true and accurate information regarding any indicated reports applicable to the persons specified in question 2.

The district will maintain a file, which documents how the determination was made as to whether or not the additional local standard has been met.

8. Describe the justification for the additional standard in the space below.

The local district wants to make sure that providers have told parents/caretakers about known child protective histories for themselves and any other persons specified in # 2. The additional standard supports 18 NYCRR (f)(7)(ii), a State requirement for enrollment which requires the provider and relevant site persons have given the parent true and accurate information regarding indicated child protective reports. The additional standard verifies the provider is telling the truth on the enrollment form. This promotes safer child care for children by verifying that true and accurate information about a caregiver's history has been shared with the child(ren)'s parent/caretaker.
