## APPENDIX G-3

### III. Reasonable Distance, Very Low Income, Family Share, Case Closings and Openings, and Fraud and Abuse Control Activities\_ (Required Section)

#### Reasonable Distance

Your district is required to define reasonable distance based on community standards for determining accessible child care.

The following defines "reasonable distance": **One hour travel time.**

Describe any steps/consultations made to arrive at your definition: **Consultation with employment staff who have years of experience with the issue of travel time. The Department received no comments as a result of a 30 day comment period published in three newspapers.**

#### Very Low Income

Very Low Income is defined by each district and is used in determining priorities for child care benefits.

Very Low Income is defined as **200%** of the State Income Standard.

#### Family Share

Family share is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The family share of child care is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by our district **15%**.

#### Case Closings (select one or two)

1. The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Described below is how the district will select cases to be closed in the event that there are insufficient or no funds available.

**Federal priorities require Suffolk County to give priority first to all cases containing children with special needs and second, to cases with very low income; however, Suffolk County has the discretion to prioritize very low income cases according to the need for child care and has done so in G-5.**

**In the event that all NYSCCBG funds are committed and there are insufficient or no funds available, Suffolk County will discontinue case openings in reverse priority order from rank 14 through rank 9 as listed in G-5. If this is insufficient to limit child care subsidy expenditures to the amount allocated to Suffolk County under the New York State Child Care Block Grant, cases will be closed in the reverse order of the priority ranking including only rank 14 through rank 9. If New York State Child Care Block Grant funds are available to subsidize some but not all cases within a rank, Suffolk County will first close the cases that have received child care services for the longest time. Suffolk County will maintain a list of closed cases so that we may contact those parents/caretakers and advise them to reapply, and open eligible cases in priority order ahead of new applications in the event funds become available.**

2. The district has not established priorities beyond the federally-mandated priorities. If all NYSCCBG funds are committed, case closings for families which are not eligible under a child care guarantee and are not a federally-mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time receiving child care services but must be consistent for all families. The district has chosen to close cases based on:

- shortest time receiving child care services
- longest time receiving child care services

### **Case Openings**

The district must describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that there are insufficient funds available.

**Federal priorities require Suffolk County to give priority first to all cases containing children with special needs and second, to cases with very low income; however, Suffolk County has the discretion to prioritize very low income cases according to the need for child care and has done so in G-5.**

**Suffolk County will open cases beyond federally mandated cases in the priority order established in G-5 to the extent New York State Child Care Block Grant funds are available.**

**Suffolk County will maintain a waiting list of applicants not accepted due to the lack of funds and a separate list of any cases closed so that we may contact the applicants and advise them to reapply in the event funds become available. Suffolk County will first open any eligible cases that were closed due to lack of funds before opening new eligible cases from the waiting list.**

### **Fraud and Abuse Control Activities**

The district must identify below the criteria it will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment and procedures for referring such applications to the district's front end detection system.

**The following case circumstances have proved to be possible indications of fraud and are used as a basis for referral to FEDS:**

- **Income documentation questionable, i.e. income is significantly less than what is customary for the occupation, such as house-cleaners who earn \$25, limousine drivers or hairdressers who never get tips, or employees in the same job for years and never receive a raise.**
- **Self-employment,**
- **Case information inconsistent with prior record,**
- **Household composition questionable, i.e. absent parent suspected of being in the home,**
- **Residence questionable.**

The district must describe below its sampling methodology used to determine which cases it will seek verification of an applicant or recipient's continued need for child care including, as applicable, verification of participation in employment, education or other required activities.

**Suffolk County DSS performs full recertifications on 100% of the income eligible child care cases at six month intervals. Verification of attendance in required activities is done on all TA child care cases prior to payment authorization.**

The district must describe below its sampling methodology used to determine which child care providers of subsidized child care services they will review for the purpose of comparing the child care providers' attendance forms for children receiving subsidized child care services and any child and adult care food program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

**Suffolk County will compare attendance on 44% of the CACFP inspection forms, (DOH-4118) received from the two CACFP monitoring agencies within the county, with attendance received for child care services. There are approximately 458 CACFP participants in Suffolk County; therefore, 50 will be reviewed each quarter.**

**APPENDIX G-8  
ADDITIONAL LOCAL STANDARDS FOR CHILD CARE PROVIDERS**

The district may propose local standards in addition to the State standards for providers who will receive child care subsidies.

1. Described below are the additional local standards that will be required of providers as well as which providers must comply with each additional standard.

**It is the parent/caretaker's option to request that the Suffolk County Department of Social Services conduct a search of the local child welfare database records to determine if the legally-exempt child care provider, household members 18 years of age and older or volunteers have an indicated report of child abuse or maltreatment. It will be the parent/caretaker's responsibility to request two (2) separate releases from the legally-exempt child care provider and each of the provider's employees, household members (age 18 or older) and volunteers. One release will allow the Suffolk County Department of Social Services to conduct a search of the local child welfare database to determine if the legally-exempt child care provider, employees, household members 18 years of age and older (if care is provided in the provider's home) or volunteers are an indicated subject of a child abuse and maltreatment report. The second release will allow Suffolk County Department of Social Services to share the results of the release with the parent/caretaker. Parents are advised of this option and provided instructions for the completion of the releases in writing when they are issued a legally-exempt enrollment package.**

**If a legally-exempt child care provider or a member of the provider's household 18 years of age or older, employee or volunteer refuses to sign the releases, it is the parent's responsibility to consider this refusal in their decision to select the provider.**

**When a search of the local child welfare database records reveal that a legally-exempt provider, employee or household member (age 18 or older) is the indicated subject of a child abuse or maltreatment report, the Department will provide the parent/caretaker with such information, including the date of the indication and what the individual was indicated for in accordance with the signed releases. For example, January 5, 2001, Ellen Smith was indicated for excessive corporal punishment having struck a child with a belt three times leaving marks on the left arm and both thighs. If the parent/caretaker(s) chooses to select an alternate child care provider, the Child Care Bureau will notify the Enrollment Agency immediately.**

2. Described below are the methods and resources that will be utilized to determine that these additional local standards are being met.

**When, at the parent/caretaker(s) request, the legally- exempt provider, employees, household members (age 18 or older) and volunteers sign the releases as described in item 1 above, the designated staff will search the local child welfare database and the Department's records for indicated reports of child abuse or maltreatment. The results of the search will be given to the Child Care Bureau Staff for appropriate action as described in item 1 above.**

3. Described below are the procedures the district will use to notify the Legally Exempt Caregiver Enrollment Agency as to whether or not the legally exempt provider is in compliance with the additional local standards. (Districts only need to describe this procedure if the additional local standard is applied to legally exempt child care providers.)

**If a parent decides not to use a provider after learning of the provider's child welfare database history, the Enrollment Agency is notified immediately.**

4. Described below is the justification for each additional standard.

**This additional standard insures that parent/caretakers have accurate information about the legally-exempt child care provider, household members 18 years of age and older when deciding whether or not to use this legally-exempt child care provider.**

**APPENDIX G-9

Note: Legally exempt family and in-home providers are **not** eligible to receive payment for absences.

**APPENDIX G-11  
TRANSPORTATION, DIFFERENTIAL PAYMENT RATES, ENHANCED MARKET RATES FOR  
LEGALLY EXEMPT, SLEEP**

**Transportation**

Describe below under what circumstances and limitations if any your district will use to reimburse for transportation, what type of transportation will be reimbursed (public vs. private), and how much your district will pay (per mile or trip). Note if paying for transportation, Appendix F will need to reflect this choice.

**Differential Payment Rates**

Indicate below the percentage above the market rate your district has chosen.

Accredited Programs may receive a differential payment up to \_\_\_\_\_ % above market rate.

Care during non-traditional hours may be paid up to \_\_\_\_\_ % above market rate.

Limitations to the above differentials are as follows:

Payments may not exceed 15% above market rate. However, if your district wishes to establish a payment rate that is in excess of 15% above the applicable market rate must describe below why the 15% maximum is insufficient to provide access within the district to accredited programs and/or care provided during non-traditional hours.

**Enhanced Market Rate For Legally-Exempt Family and In-Home Child Care Providers**

If a district elects to establish a payment rate that is in excess of the enhanced market rate for legally-exempt family and in-home child care providers who have annually completed 10 or more hours of training and the training has been verified by the legally-exempt care giver enrollment agency. The district must state the percentage above the market rate it proposes to use.

Our district is requesting to increase the legally-exempt enhanced market rate up to \_\_\_\_\_ percent of the applicable registered family day care market rate. Market rate may not exceed 75 percent (75%) of the child care market rates established for registered family day care.

A district that selects the option to increase the legally-exempt enhanced market rate must select one of the options listed below for implementation of the legally-exempt enhanced market rate:

for all legally-exempt family and in-home child care providers that have been approved by the applicable legally-exempt caregiver enrollment agency; or

for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, but only for the remainder of their current one-year enrollment period; or

for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, for the remainder of the time they remain enrolled and continue to meet the ten-hour annual training requirement.

### **Sleep**

The following describes the standards that will be used in evaluating whether or not to pay for child care services while a parent or caretaker that works a second or third shift sleeps and any limitations pertaining to payment:

**Child care services are authorized only for parents and caretakers who work a third shift. Care is limited to part-time and is evaluated based on the age and school attendance of the child.**

Indicate the number of hours allowed by your district (maximum number of hours allowed is eight). **Less than six hours, i.e. part-time.**

**APPENDIX G-12  
CHILD CARE EXCEEDING 24 HOURS, CHILD CARE SERVICES UNIT, WAIVERS, BREAKS IN  
ACTIVITIES**

**Child Care Exceeding 24 Hours**

Child care services may exceed 24 consecutive hours when such services are provided on a short-term emergency basis or in other cases where the caretaker's approved activity necessitates care for 24 hours on a limited basis.

Describe any limitations for payment of child care services that exceed 24 consecutive hours.

**None.**

**Child Care Services Unit**

The Child Care Service Unit is the basis upon which a district will determine which household and/or family members should be counted in determining family size and countable family income.

Our district will include the following in the Child Care Services Unit (check which ones apply).

18 year old       19 year old       20 year old

**-OR-**

Our district will include only the following in the Child Care Services Unit when it will benefit the family (check which ones apply).

18 year old       19 year old       20 year old

Describe the criteria your district will use to determine whether or not an 18, 19 or 20 year old is included in the Child Care Services Unit.

**An 18, 19, or 20 year old will be included if their parents are supporting them. Self-supporting 18, 19, or 20 year olds will be excluded.**

**Waivers**

Districts have the authority to request a waiver of any regulatory provision that is non-statutory. Describe and justify why your district is requesting a waiver.

**Breaks in Activities**

Districts may pay for child care services for low income families during breaks in activities for a period not to exceed two weeks or for a period not to exceed one month where child care arrangements would otherwise be lost and the subsequent activity is expected to begin within that period (check one).

two weeks       four weeks

Districts may provide child care services while the caretaker is waiting to enter an approved activity or employment or on a break between approved activities. The following low income families are eligible for child care services during a break in activities (check any that are eligible):

entering an activity     waiting to begin employment     break between activities
