APPENDIX M #1

Reasonable Distance, Recertification Period, Family Share, Very Low Income,
Federal and Local Priorities (Required)**I. Reasonable Distance**

Define “reasonable distance” based on community standards for determining accessible child care.

1. The following defines “reasonable distance”:

Any distance requiring less than 45 minutes travel time from parent or caretaker's home to reach the child care provider and is 25 miles or less, and when combined with the travel necessary to reach work or a work related activity, is less than an hour and 15 minutes. In the case of a parent or caretaker who must walk with a child under the age of 6 to and from the child care provider or to transportation that will take them to and from the child care provider (such as a bus stop), reasonable distance will not exceed one half mile.

Consideration will be made for factors such as the need to walk in non-daylight hours and the type of walkway (i.e. country road with no sidewalk). The definition of reasonable distance will include reasonable accommodation for caretakers and children with disabilities or health problems, and the age of the child.

2. Describe any steps/consultations made to arrive at your definition:

This has been our existing definition for some time.

II. Recertification Period

The district’s recertification period for low income child care cases is every (select one):

six months twelve months

III. Family Share

“Family Share” is the weekly amount paid towards the costs of the child care services by the child’s parent or caretaker. Your district must select a family share percentage from 10% to 35% to use in calculating the amount of family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family’s annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the district 20%.

Note: *The family share percentage selected here must match the percentage entered in the Program Matrix in the Welfare Management System (WMS).*

IV. Very Low Income

Define “very low income” as it is used in determining priorities for child care benefits.

“Very Low Income” is defined as 200% of the State Income Standard.

V. Federal and Local Priorities

1. The district must rank the federally mandated priorities. Cases that are ranked 1 have the highest priority for receiving child care assistance. These rankings apply to case closings and case openings.

TOMPKINS COUNTY – 2017 APU

- a. Very low income as defined in Section IV: Rank 1 Rank 2 Rank 3
 - b. Families with incomes up to 200% of the State Income Standard that have a child with special needs and a need for child care: Rank 1 Rank 2 Rank 3
 - c. Families with incomes up to 200% of the State Income Standard that are experiencing homelessness: Rank 1 Rank 2 Rank 3
2. Does the district have local priorities?
- Yes No

If yes, list below and rank beginning with Rank 4.

APPENDIX M #2

Case Openings, Case Closings, and Waiting List (Required)

I. Case Openings When Funds Are Limited

If a social services district does not have sufficient funds to provide child care services to all families who are applying, the district may decide to open certain categories of families as funds become available. The district must open federal priorities first. If the district identified local priorities, they must be opened next. **After the federal and local priorities**, identify the basis upon which the district will open cases if funds become available. Check only **ONE** of the options listed below and describe the process for opening.

1. Open based on **FIRST COME, FIRST SERVED**.
2. Open based on **INCOME**. Check one of the boxes below:
 - The district will open cases starting from the lowest income to the highest income.
 - The district will open cases based on income bands, starting from the lowest income band to the highest income band. List the income bands, starting from the band that will be opened first:
3. Open based on **CATEGORY OF FAMILY**.

List below the remaining category 2 and 3 families included in 18 NYCRR §415.2(a)(2) and 18 NYCRR §415.2(a)(3) that are not federal or local priorities in the order they will be opened first.

The district will open category II cases and then category III cases
4. Open based on **INCOME AND CATEGORY OF FAMILY**.

List below the incomes (from lowest to highest income) or income bands (from lowest income band to highest income band), and the remaining category 2 and 3 families included in 18 NYCRR §415.2(a)(2) and 18 NYCRR §415.2(a)(3) that are not federal or local priorities in the order they will be opened first.
5. Open based on **OTHER CRITERIA**.

Describe the criteria the district will use to select cases to be opened:

TOMPKINS COUNTY – 2017 APU

II. Case Closings When Sufficient Funds Are Not Available

If a social services district does not have sufficient funds to continue to provide child care assistance to all families in its current caseload, the district may decide to discontinue child care assistance to certain categories of families. The district must close federal priorities last. If the district identified local priorities, they must be closed next to last. **After the federal and local priorities**, describe the basis upon which the district will close cases if sufficient funds are not available.

If no priorities are established beyond the federally mandated priorities and all funds are committed, case closings for families that are not eligible under a child care guarantee and are not under a federally mandated priority must be based on the length of time they have received services (must choose #1 below).

Check only **one** of the options for closing listed below and describe the process for closing.

1. Close based on **AMOUNT OF TIME** receiving child care services.

Check **one** of the boxes below:

- The district will close cases starting from the shortest time receiving child care services to the longest time.
- The district will close cases starting from the longest time receiving child care services to the shortest time.

2. Close based on **INCOME**.

Check **one** of the boxes below:

- The district will close cases starting from the highest income to the lowest income.
- The district will close cases based on income bands, starting from the highest income band to the lowest income band. List the income bands starting from the band that will be closed first:

3. Close based on **CATEGORY OF FAMILY**.

List the category 2 and 3 families included in 18 NYCRR §415.2(a) that are not federal or local priorities in the order they will be closed.

4. Close based on **INCOME AND CATEGORY OF FAMILY**.

List below the incomes (from the highest to lowest income) or income bands (from the highest income band to the lowest income band), and the category 2 and 3 families included in 18 NYCRR §415.2(a) that are not federal or local priorities in the order they will be closed.

TOMPKINS COUNTY – 2017 APU

5. Close based on **OTHER CRITERIA**.

Describe the criteria the district will use to select cases to be closed:

III. Waiting List

The district will establish a waiting list when there are not sufficient funds to open all eligible cases.

No.

Yes.

APPENDIX M #3

Fraud and Abuse Control Activities and Inspections (Required)

I. Fraud and Abuse Control Activities

1. Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payments in addition to procedures for referring such applications to the district's front-end detection system.

Below is a list of identified indicators of high risks and actions DSS takes to verify client is adhering to requirements.

- o Working off the books: Clients must have some way of verifying they are receiving valid payment usually by a notarized statement and DSS making direct contact with the person.
 - o Self-employed without adequate business records: Individual must provide a tax return demonstrating three months of self-employment.
 - o PO Box used as a mailing address without cause: Client must verify their residence with a lease, mortgage or tax bill.
 - o Client unsure of address: FEDS referral made to the investigation unit.
 - o Documentation to verify identity is suspect: Require photo ID or birth certificate.
 - o Documentation or information provided is inconsistent with application: FEDS referral made to the investigation unit
 - o Previous case closings: case records are tracked
 - o Overpayment resulting from investigation: overpayment is rolled into current parent fee until paid off
 - o Application inconsistent with prior case: FEDS referral made to the investigation unit
 - o Children under six with no birth certificate: DSS applies for birth certificate for them
 - o Provider lives in the same household as parent: verify provider is not a parent
 - o No absent parent information or information is inconsistent with application: cross check with Child Support
2. Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

TCDSS reviews all cases at recertification for verification of continued need for child care. Hence, every twelve months the client must provide all documents to verify their participation in employment, education or required activities and continued need for child care. The department tracks cases that have no set schedule to provide verification for child care. The department requires clients to turn in their monthly pay stubs and work schedules for verification and/or class schedule for education courses.

For clients engaged in classes the department requires that they submit their class schedule to compare days they are receiving day care. For the classes that attendance can be tracked, e.g. ESL, the department requires that they provide signed attendance forms.

3. Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

TOMPKINS COUNTY – 2017 APU

Three times a year the Enrollment Agency will visit providers and will complete the Monitoring Checklist, documenting children in attendance at time of the visit. The EA will send the Monitoring Checklist to the Examiner at DSS in charge of fraud. Three times per year the examiner will review Monitoring Checklist and children in attendance and compare those to child care subsidy attendance records to verify whether child care was actually provided on the days listed on the attendance forms.

II. Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of any provider/program that provides child care for subsidized children for the purpose of determining whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4(h)(3).

The district has the right to make inspections *prior to subsidized children receiving care* of any child care provider, including care in a home, to determine whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:

- Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
- Violations by an enrolled or enrolling legally-exempt child care provider must be reported to the applicable Enrollment Agency.

1. Does the district choose to make inspections of such child care providers/programs?

No.

The district must coordinate with the local Enrollment Agency, including, but not limited to:

- Informing the Enrollment Agency of the intent to request an additional standard.

- Local criminal background check
- Require providers caring for subsidized children for 30 or more hours a week participate in the Child and Adult Care Food Program (CACFP). *Note that districts are required to notify the Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, of all providers on the referral list for whom the requirement is "not applicable."*

2a. Exceptions: There may be instances when the district may be unable to enact the additional standard, such as, the applicable person may reside outside of the district's jurisdiction, or the site of care may not be located within the district. In such cases, the district may create an exception to the applicability stated above.

Note: *The Child Care Facility System cannot track such exceptions and, therefore, the district remains responsible for notifying the applicable Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, that an additional standard is "not applicable" to the specific provider/person named on the referral list.*

Place a check mark below to show any exception to the applicability of this Local Additional Standard to programs or roles previously identified.

- a. The district will not apply this additional local standard when the applicable person *resides* outside of the subsidy-paying district.
- b. The district will not apply this additional local standard when the *program's site of care is located outside* of the subsidy-paying district.
- c. The district will not apply this additional local standard when *the informal provider is younger than 18 years* of age.

Local social services staff
Provide the name of the unit and contact person: Child Protective Services-Jennifer Browne

Contracted agency
Provide the name of the agency and contact person:

4. Are there any fees or other costs associated with the additional local standard?

Yes No

Note: *Costs associated with the additional local standard cannot be passed on to the provider.*

5. Describe, in chronological order, the steps for conducting the additional local standard. Include how the district will retrieve referrals from CCFS, communicate with providers and other applicable persons, determine compliance with the additional local standard, inform the Enrollment Agency whether the additional local standard has been "met," "not met", or is "not applicable", and monitor its timeliness. Include all agencies involved and

their roles. Note that the district's procedures must be in accordance with 12-OCFS-LCM-01.

The individuals check in question #2 above will be asked to sign a release which will allow the Tompkins County Department of Social Services to conduct a local child welfare database check of the records related to the child care attestations for the sole purpose of verifying the accuracy of the information submitted to the parent/caretaker. Household members 18 years or older will only be required to complete the release when care is not in the home of the child.

If any of the individuals checked in question #2 above refuses to sign the release, which would allow Tompkins County Department of Social Services to review only the existing local child welfare records related to the child care attestations, the enrollment package will be considered incomplete and the enrollment process cannot move forward and will be withdrawn by the enrollment agency.

To initiate the additional standards check, per NYS OCFS policy, the Child Care Facility System will automatically generate an E-notice referral instructing the LDSS to run the CCFS report, LE additional local standard referral list, and obtain the list of applicable persons as specified in question #2 above, to the DSS. When a local database check of the records related to the child care attestations reveal that an individual checked in question #2 above is an indicated subject of a child abuse or maltreatment report the proposed provider will be required to submit to Tompkins County Department of Social Services a copy of the written statement provided to the parent/caretaker concerning the indicated incident(s). This statement must be signed by the parent/caretaker acknowledging receipt of this information and the parent/caretaker's wish to use this child care provider.

If the information regarding the indicated child protective report submitted by the provider does not substantially correlate with the information obtained from the local database check of the records related to the child care attestations the Tompkins County Department of Social Services will notify the provider that they have ten (10) calendar days to clarify the discrepancies in the information submitted to the district and parent/caretaker. Within the ten (10) calendar day period the provider must submit information to Tompkins County Department of Social Services and the parent/caretaker that either substantially correlates with the information obtained by the district's local database check of the records related to the child care attestations or the provider submits information to the district which documents that the information obtained from the local database check of the records related to the child care attestations is inaccurate.

- If the provider fails to clarify the discrepancies the Tompkins County Department of Social Services will notify the Enrollment Agency that the additional standard is "Not met".
- If the information regarding the indicated child protective report correlates with the information obtained from the local database check and the parent/caretaker still chooses to use the provider, the Enrollment Agency will be notified that the additional standard has been "met".
- When the local records check does not reveal a record wherein the person was an indicated subject of a child abuse or maltreatment report, the

TOMPKINS COUNTY – 2017 APU

Enrollment Agency will be notified that the additional standard has been “met”.

In accordance with 12-OCFS-LCM-01, Tompkins County Department of Social Services will complete the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, and send it to the applicable Enrollment Agency to notify the Enrollment Agency of the determination of: “Met”, “Not Met” or “Not Applicable.”

6. Indicate how frequently the additional local standard will be applied. Answer both questions.
- a. The Standard will be applied:
 - i. At initial enrollment and re-opening
 - ii. At each re-enrollment
 - b. The district will assess compliance with the additional local standard:
 - i. *During the enrollment review period*, and, the district will notify the Enrollment Agency of the results within 25 days from the E-Notice referral date.
 - ii. *During the 12-month enrollment period*, and, the district will notify the Enrollment Agency of the results promptly. Note that this option is always applicable to an additional local standard requiring participation in CACFP.
7. Describe the justification for the additional local standard in the space below.

To ensure information that could affect the safety of the children in legally exempt childcare settings is shared.

The Department of Social Services wants to make sure that providers have told parents about known child protective histories for themselves and any adults 18 years or older residing in the provider's home where child care is to take place.

The Department wants to make sure parents have a chance to make educated decisions about using providers.

4. Are there any fees or other costs associated with the additional local standard?

Yes No

Note: *Costs associated with the additional local standard cannot be passed on to the provider.*

5. Describe, in chronological order, the steps for conducting the additional local standard. Include how the district will retrieve referrals from CCFS, communicate with providers and other applicable persons, determine compliance with the additional local standard, inform the Enrollment Agency whether the additional local standard has been “met,” “not met”, or is “not applicable”, and monitor its timeliness. TCDSS requires the Day Care and Child Development Council of Tompkins County Inc. to administer the IN-HOME Quality Improvements Program for all enrolled informal Legally Exempt Providers. The visits are conducted at least twice per year and check the following:

- a.) That the child care is being provided in the home that is enrolled;
- b.) That the child care is being provided by the person who is enrolled;
- c.) That the provider is caring for the approved number of children;
- d.) That the safety standards in the home safety checklist in the enrollment packet are being met at each visit. The Child Development Council staff person who visits the home carries safety items so in some situations the home can come into compliance immediately. If not, the home visitor follows up within one month to see if the home has been brought into compliance. The Child Development Council enters any homes out of compliance into CCFS, which the DSS also accesses. If the DSS learns of health and safety issues, the DSS refers to the EA. The standard is met when all items in the home safety checklist have been verified.

In addition, the Council offers education material and programming and support for provider. The Day Care Council conducts home visits for all enrolled informal providers. The EA provides home visits for 20% of in home providers not CACFP. All other enrolled providers are visited according to agreement with DSS for In Home Quality Assurance Program.

Child Care Council submits regular reports to TCDSS detailing visits and the amount of funds they provide to make sure providers meet standards. They are submitted quarterly with a year-end report.
