APPENDIX M

Reasonable Distance, Very Low Income, Family Share, Case Closing and Openings, Recertification Period, Fraud and Abuse Control Activities (Required), Inspections

Reasonable Distance

Define “reasonable distance” based on community standards for determining accessible child care.

The following defines “reasonable distance”: Any distance requiring less than 45 minutes travel time from parent or caretaker's home to reach the child care provider and is 25 miles or less, and when combined with the travel necessary to reach work or a work related activity, is less than an hour and 15 minutes. In the case of a parent or caretaker who must walk with a child under the age of 6 to and from the child care provider or to transportation that will take them to and from the child care provider (such as a bus stop), reasonable distance will not exceed one half mile. Consideration will be made for factors such as the need to walk in non-daylight hours and the type of walkway (ie country road with no sidewalk). The definition of reasonable distance will include reasonable accomodation for caretakers and children with disabilities or health problems, and the age of the child.

Describe any steps/consultations made to arrive at your definition: This has been our existing definition for some time.

Very Low Income

Define “very low income” as it is used in determining priorities for child care benefits.

“Very Low Income” is defined as 200% of the State Income Standard.

Family Share

“Family share” is the weekly amount paid towards the costs of the child care services by the child’s parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family’s annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the county 20%.

Note: The percentage selected here must match the percentage selected in Title XX Program Matrix in WMS.

Case Closings

The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Describe below how districts will select cases to be closed in the event that there are insufficient or no funds available.

1. Identification of local priorities in addition to the required federal priorities (select one).
 - The district has identified local priorities in addition to the required federal priorities (Complete Section 2)

The district has not identified local priorities in addition to the required federal priorities (Complete Section 3).

2. Describe how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Describe in the space below how the district will select cases to be closed in the event that there are insufficient or no funds available.

a. The district will select cases to be closed based ONLY on income.

No.

Yes. Check 1 or 2 below.

2) The district will close cases based on income bands. Describe the income bands, beginning at 200% of the State Income Standard and ending at 100% of the State Income Standard:

b. The district will select cases to be closed based ONLY on categories of families.

No.

Yes. List the categories in the order that they will be closed, including the optional categories selected in Appendix L:

c. The district will select cases to be closed based on a combination of income and family category.

No.

Yes. List the categories and income groupings in the order that they will be closed:

d. The district will select cases to be closed on a basis other than the options listed above.

No.

Yes. Describe how the district will select cases to be closed in the event that there are insufficient funds to maintain the district's current case load:

e. The last cases to be closed will be those that fall under federal priorities. Identify how your district will prioritize federal priorities. Cases that are ranked 1 will be closed last.

Very low income Rank 1 Rank 2

Families that have a child with special needs Rank 1 Rank 2

3. If all NYSCCBG funds are committed, case closings for families that are not eligible under a child care guarantee and are not a federally mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time the family has received child care services, but must be consistent for all families.
- a. Identify how the district will prioritize federal priorities. Cases that are ranked 1 will be closed last.
- Very low income Rank 1 Rank 2
- Families that have a child with special needs Rank 1 Rank 2
- b. The district will close cases based on the federal priorities and the amount of time the family has been receiving child care services.
- Shortest time receiving child care services
- Longest time receiving child care services
4. The district will establish a waiting list for families whose cases were closed because our county did not have sufficient funds to maintain our current caseload.
- No.
- Yes. Describe how these cases will be selected to be reopened if funds become available:

Case Openings

Describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that insufficient funds are available.

1. The first cases to be opened will be those that fall under the federal priorities.
- Identify how your district will prioritize federal priorities. Cases that are ranked 1 will be opened first.
- Very low income Rank 1 Rank 2

- Yes. List the categories and income groupings in the order that they will be opened:
5. The district selects cases to be opened on a basis other than the options listed above.
- No.
- Yes. Describe how the district will select cases to be opened in the event that there are not sufficient funds to open all eligible families:
6. The district will establish a waiting list when there are not sufficient funds to open all eligible cases.
- No.
- Yes. Describe how these cases will be selected to be opened when funds become available:

The district's recertification period is every six months twelve months

Fraud and Abuse Control Activities

Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment in addition to procedures for referring such applications to the district's front-end detection system.

Below is a list of identified indicators of high risks and actions DSS takes to verify client is adhering to requirements.

- o Working off the books: Clients must have some way of verifying they are receiving valid payment usually by a notarized statement and DSS making direct contact with the person.
- o Self-employed without adequate business records: Individual must provide a tax return demonstrating three months of self-employment.
- o PO Box used as a mailing address without cause: Client must verify their residence with a lease, mortgage or tax bill.

- o Client unsure of address: FEEDS referral made to the investigation unit.
- o Documentation to verify identity is suspect: Require photo ID or birth certificate.
- o Documentation or information provided is inconsistent with application: FEEDS referral made to the investigation unit
- o Previous case closings: case records are tracked
- o Overpayment resulting from investigation: overpayment is rolled into current parent fee until paid off
- o Application inconsistent with prior case: FEEDS referral made to the investigation unit
- o Children under six with no birth certificate: DSS applies for birth certificate for them
- o Provider lives in the same household as parent: verify provider is not a parent
- o No absent parent information or information is inconsistent with application: cross check with Child Support

Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

TCDSS reviews all cases at recertification for verification of continued need for child care. Hence, every six months the client must provide all documents to verify their participation in employment, education or required activities and continued need for child care. The department tracks cases that have no set schedule to provide verification for child care. The department requires clients to turn in their monthly pay stubs and work schedules for verification and/or class schedule for education courses.

For clients engaged in classes the department requires that they submit their class schedule to compare days they are receiving day care. For the classes that attendance can be tracked, e.g. ESL, the department requires that they provide signed attendance forms.

Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Three times a year the Enrollment Agency will visit providers and will complete the Monitoring Checklist, documenting children in attendance at time of the visit. The EA will send the Monitoring Checklist to the Examiner at DSS in charge of fraud. Three times per year the examiner will review Monitoring Checklist and children in attendance and compare those to child care subsidy attendance records to verify whether child care was actually provided on the days listed on the attendance forms.

Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of a provider/program that provides child care for subsidized children for the purpose of determining whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district Per 18 NYCRR 415.4(h) (3). APPENDIX Q #1
ADDITIONAL LOCAL STANDARDS FOR CHILD CARE PROVIDERS (OPTIONAL)

The district may propose local standards in addition to the State standards for legally-exempt providers who will receive child care subsidies. This appendix must be completed for **each** additional standard that the district wishes to implement.

1. Check or describe in the space provided below the additional local standards that will be required of child care providers/programs.

- Verification that the provider has given the parent/caretaker complete and accurate information regarding any report of child abuse or maltreatment in which they are named as an indicated subject
- Local criminal background check
- Requirement that providers that care for subsidized children for 30 or more hours a week participate in the Child and Adult Food Care Program (CACFP)
- Site visits by the local district
- Other (please describe):

2. Check below the type of child care program to which the additional standard will apply and indicate the roles of the persons to whom it will apply in cases where the standard is person-specific.

- Legally-exempt family child care program. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer
 - Provider's household member age 18 or older

- Legally-exempt in-home child care program. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer

- Legally-exempt group providers not operating under the auspices of another government agency. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer

- Legally-exempt group providers operating under the auspices of another government or tribal agency. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer

3. Districts are responsible for implementation of the additional local standard unless they have a formal agreement or contract with another organization. Check the organization that will be responsible for the implementation of the additional local standard.

Local social services staff

Provide the name of the unit and contact person: Child Protective Services-Jennifer Browne

Contracted agency

Provide the name of the agency and contact person:

4. Are there any costs associated with the additional standard?

Yes No

Note: Costs associated with the additional standard cannot be passed on to the provider.

5. Describe the steps for evaluating whether the additional local standard has been met.

The individuals check in question #2 above will be asked to sign a release which will allow the Tompkins County Department of Social Services to conduct a local child welfare database check of the records related to the child care attestations for the sole purpose of verifying the accuracy of the information submitted to the parent/caretaker. Household members 18 years or older will only be required to complete the release when care is not in the home of the child.

If any of the individuals checked in question #2 above refuses to sign the release, which would allow Tompkins County Department of Social Services to review only the existing local child welfare records related to the child care attestations, the enrollment package will be considered incomplete and the enrollment process cannot move forward and will be withdrawn by the enrollment agency.

When a local database check of the records related to the child care attestations reveal that an individual checked in question #2 above is an indicated subject of a child abuse or maltreatment report the proposed provider will be required to submit to Tompkins County Department of Social Services a copy of the written statement provided to the parent/caretaker concerning the indicated incident(s). This statement must be signed by the parent/caretaker acknowledging receipt of this information and the parent/caretaker's wish to use this child care provider.

If the information regarding the indicated child protective report submitted by the provider does not substantially correlate with the information obtained from the local database check of the records related to the child care attestations the Tompkins County Department of Social Services will notify the provider that they have ten (10) calendar days to clarify the discrepancies in the information submitted to the district and parent/caretaker. Within the ten (10) calendar day period the provider must submit information to Tompkins County Department of Social Services and the parent/caretaker that either substantially correlates with the information obtained by the district's local database check of the records related to the child care attestations or the provider submits information to the district which documents that the information obtained from the local database check of the records related to the child care attestations is inaccurate. If the

provider fails to clarify the discrepancies the Tompkins County Department of Social Services will notify the Enrollment Agency that the additional standard has not been met.

If the information regarding the indicated child protective report correlates with the information obtained from the local database check and the parent/caretaker still chooses to use the provider, the Enrollment Agency will be notified that the additional standard has been met.

6. Indicate how frequently reviews of the additional standard will be conducted. Check all that apply.

Legally-Exempt Programs:

- Initial enrollment During the 12-month enrollment period
 Re-enrollment Other

7. In the space below, described the procedures the district will use to notify the Legally-Exempt Caregiver Enrollment Agency (EA) as to whether the legally-exempt provider is in compliance with the additional local standards. Districts must notify the EA within 25 days from the date they received the referral from the EA. (Districts need to describe this procedure only if the additional local standard is applied to legally-exempt child care providers.)

Once our Department has determined whether or not the additional local standard has been met using the procedures outlined in number five our Department will notify the Enrollment Agent in writing if the additional local standard has been met or not met. The district will maintain a file, which documents the information used to determine whether or not the additional local standard has been met.

8. Describe the justification for the additional standard in the space below.

To ensure information that could affect the safety of the children in legally exempt childcare settings is shared.

The Department of Social Services wants to make sure that providers have told parents about known child protective histories for themselves and any adults 18 years or older residing in the provider's home where child care is to take place.

In rare situations, providers are deemed unsafe to be around any children by the Family and Children Services Units due to a serious child abuse history and the Department wants to make sure parents have a chance to make educated decisions about using providers.

APPENDIX Q #2

TCDSS requires the Day Care and Child Development Council of Tompkins County Inc. to administer the IN-HOME Quality Improvements Program for all enrolled informal Legally Exempt Providers. The visits are conducted at least twice per year and check the following:

- a.) That the child care is being provided in the home that is enrolled;
- b.) That the child care is being provided by the person who is enrolled;
- c.) That the provider is caring for the approved number of children;
- d.) That the safety standards in the home safety checklist in the enrollment packet are being met at each visit. The Child Development Council staff person who visits the home carries safety items so in some situations the home can come into compliance immediately. If not, the home visitor follows up within one month to see if the home has been brought into compliance. The Child Development Council enters any homes out of compliance into CCFS, which the DSS also accesses. If the DSS learns of health and safety issues, the DSS refers to the EA. The standard is met when all items in the home safety checklist have been verified.

In addition, the Council offers education material and programming and support for provider.

The Day Care Council conducts home visits for all enrolled informal providers. The EA provides home visits for 20% of in home providers not CACFP. All other enrolled

providers are visited according to agreement with DSS for In Home Quality Assurance Program.

6. Indicate how frequently reviews of the additional standard will be conducted. Check all that apply.

Legally-Exempt Programs:

 Re-enrollment Other

7. In the space below, described the procedures the district will use to notify the Legally-Exempt Caregiver Enrollment Agency (EA) as to whether the legally-exempt provider is in compliance with the additional local standards. Districts must notify the EA within 25 days from the date they received the referral from the EA. (Districts need to describe this procedure only if the additional local standard is applied to legally-exempt child care providers.)

Child Care Council submits regular reports to TCDSS detailing visits and the amount of funds they provide to make sure providers meet standards. They are submitted quarterly with a year-end report.

8. Describe the justification for the additional standard in the space below.

The home visiting component helps assure standards are being met. It also allows the day care providers an opportunity to connect with a resource for training, and support.
