## APPENDIX M

### REASONABLE DISTANCE, VERY LOW INCOME, FAMILY SHARE, CASE CLOSING AND OPENINGS, RECERTIFICATION PERIOD, FRAUD AND ABUSE CONTROL ACTIVITIES (REQUIRED)

---

#### Reasonable Distance

Define “reasonable distance” based on community standards for determining accessible child care.

The following defines “reasonable distance”: One hour maximum from work activity to childcare provider and return home.

Describe any steps/consultations made to arrive at your definition: Based on demographic studies of county, accessible transportation, and mapquest.

#### Very Low Income

Define “very low income” as it is used in determining priorities for child care benefits.

“Very Low Income” is defined as 150% of the State Income Standard.

#### Family Share

“Family share” is the weekly amount paid towards the costs of the child care services by the child’s parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family’s annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the county 25%.

**Note:** The percentage selected here must match the percentage selected in Title XX Program Matrix in WMS.

#### Case Closings

The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Describe below how districts will select cases to be closed in the event that there are insufficient or no funds available.

1. Identification of local priorities in addition to the required federal priorities (select one).

- The district has identified local priorities in addition to the required federal priorities (Complete Section 2)
- The district has not identified local priorities in addition to the required federal priorities (Complete Section 3).

Very low income  Rank 1  Rank 2

Families that have a child with special needs  Rank 1  Rank 2

3. If all NYSCCBG funds are committed, case closings for families that are not eligible under a child care guarantee and are not a federally mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time the family has received child care services, but must be consistent for all families.

a. Identify how the district will prioritize federal priorities. Cases that are ranked 1 will be closed last.

Very low income  Rank 1  Rank 2

Families that have a child with special needs  Rank 1  Rank 2

b. The district will close cases based on the federal priorities and the amount of time the family has been receiving child care services.

## **Fraud and Abuse Control Activities**

Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment in addition to procedures for referring such applications to the district's front-end detection system.

1. Working off the books
2. Self-employed without adequate business records
3. Post Office Box used as a mailing address without cause
4. Client unsure of own address
5. Documentation to verify identity is suspicious
6. Documentation or information provided is inconsistent with application
7. Previous case closing or overpayment

9. Children under six with no birth certificate
10. Provider lives in same household as parent
11. No absent parent information or information inconsistent with application

A written referral with all pertaining information will be forwarded to the special investigations unit while the case is still in applicant status.

Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

Ulster County recertifies 100% of their childcare cases every 6 months. Verification for the continuing need for childcare is done at that time.

Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

There are providers that participate in the child/adult care food program in Ulster County. The district will randomly select 6 providers per month, the district will then contact the child/adult food sponsor to determine when the last site inspections were done and what subsidized children were seen at that inspection. The district will compare the subsidy attendance form with the inspection form to verify that child care was actually provided on the days listed on the attendance forms. The district will follow up with any discrepancies are found.

Describe any circumstances and limitations your county will use to reimburse for transportation.
